

QuickStart Limited Warranty–Canada

(Effective on batteries purchased August 1, 2022, or later)

Important: Keep this Limited Warranty and sales receipt in glove compartment.

What Batteries Are Covered

Interstate Batteries® (IB) provides this limited warranty to (1) the original retail purchaser, (2) of the QuickStart™ branded battery models listed in the Chart below, (3) when purchased from an authorized dealer of QuickStart branded battery models (Authorized Dealers) in Canada.

Limited Warranty

IB warrants that your battery is free of defects in material and workmanship for the duration of the warranty periods listed for your battery model in the Chart below. The Limited Warranty has a Free Replacement Period. If your battery fails due to a defect during the Free Replacement Period, you may obtain a free replacement battery. Any replacement battery you obtain under this Limited Warranty must be identical or reasonably equivalent to your original battery.

To find the Suggested Retail Price (SRP) for your replacement battery model when you return your original battery, ask your Authorized Dealer or go to www.QuickStartBattery.com. The SRP in effect on the date you return your original battery will not be the same price you paid for your original battery, and the SRP may be different than the dealer's actual selling price for your replacement battery. **You will still need to pay any taxes and legislatively imposed fees on your replacement battery, and you may also need to pay labor and installation charges.**

What You Must Do

To obtain a replacement battery, you must present your original battery to an Authorized Dealer that has an appropriate replacement battery in stock. That dealer will have a reasonable time to test your original battery and, if defective, replace it according to the terms of this limited warranty. To find an Authorized Dealer call 1.888.772.3600.

Date of Purchase

Your Limited Warranty begins on your date of purchase and extends for the number of months shown on the Chart below. You may establish your date of purchase by presenting the receipt for the purchase of your original battery. Otherwise, your dealer will estimate your date of purchase from the manufacturer code on each battery.
